Severance Tax - Amended Return (Withholding)

How do I file an amended Oil and Gas Severance Tax Withholding Return?

There is no specific amended return for Oil and Gas Severance Tax Withholding. If you have to amend or adjust a previous return because of an overpayment or underpayment of tax you must do so on a subsequent DR 0461 Monthly Return of Oil and Gas and Oil Shale Tax Withheld form. The adjustment would be on line 2 or 3 of the form.

If you are entitled to a refund as a result of an overpayment you may also file on Form DR 0137 Claim For Refund.
